Subject	OneHome Family	Date	5.9.2017
Scribe	Jared Keibell (MDHI)	Time	2:00-4:00
Attendees	Deanne, Diane Howald, Ian Fletcher, Ana, Renee, Angie, Oanh		
Key Points Discussed			
No	Topic	Highlights	
1.	VI-SPDAT Updates	Everyone is doing better at turning in ROIs; some people are still giving VI-SPDATs to non-literally homeless individuals, make sure parents have 51% custody before administering Family VI-SPDAT, only need one ROI per head of household	
2.	Case Conferencing	<p>The first family has been housed. Eight more are matched to housing resources with a further 15 in pre-match process. It's very important that each person must be literally homeless at both the time the VI-SPDAT is administered and at the time of housing intake. Efforts are continuing to eliminate duplicate surveys.</p> <p>Housing resources update: VOA has new program called RRH +Care for families that score just above the RRH threshold; Youth Transition Program for youth 18-24; CCH and Aurora Mental Health both have RRH programs.</p> <p>A pilot program in the schools to evaluate families that involved with McKinney-Vento could be launched this fall.</p>	
3.	Upcoming June Meetings	Stakeholder meetings, CDT and OneHome Family will all be in June. Incorporating the OneHome meeting into a third hour of an expanded CDT starting in August.
