- 2) Don't forget to send TAY spreadsheets to Renee
- 3) Renee is continuing to work on unique identifiers for individual agencies.
- 4) Reviewed newest TAY VISPDATS for changes and approval. Approved with requested changes
- 5) Reviewed MIF revised by Kippi and Suzanne
 - Renee will clarify the unique identifier wording on first page
 - Some corrections will be made by Kippi and Suzanne
 - MIF will be completed as individual(s) moves closer to the top of the priority list
- 6) Integration of youth into adult system. Renee provided names of youth who are entered in the adult system through the VI-SPDAT. Kendall will contact the agencies who have specific youth on the list. Suzanne will notify UP staff that have youth on this list.

As a current rule of thumb and until final determination on how to integrate youth/adult scores, providers for above youth should do a TAY VI on youth unless they will be turning 25 within next 4 months.
