

## Youth Meeting Agenda 6/23/17

1. Introductions
2. PHB updates -There was a lease-up in June, a couple more in the works, just waiting for current tenants to move out of apt. OneHome will provide more referrals next week (10 names)
3. Survey Data
  1. Old surveys in the system - who is active/missing/inactive/housed? -Yes, many of these clients will still be around. Youth seem less interested in housing during the summer months. This is probably why there are less surveys in the system this time of year. Only survey youth who are experiencing homelessness and seem to be sticking around in Metro Denver.
  2. Agency pages for Youth client updates -Megan will send out a spreadsheet and requests that you look up when the last time your agency interacted with the youth and provide updates on current housing status
4. Challenges with housing navigation, hand-offs, and lease-ups
  1. Process for hand-offs and connecting youth with housing navigators through the bonus project
    1. Will start reviewing those who will be upcoming referrals so that agencies/case managers can begin tracking them down and working on vital docs prior to referral to housing programs
    2. OneHome team to write up documents outlining the expectations for each person's role (outreach worker, housing navigator, housing case manager, etc). Will write up a template of care coordination from when the TAY-SPDAT assessment was completed all the way to Housed.
5. Youth Transitions Project
  1. Prioritization Criteria for referrals -Please update in the spreadsheet if client is still around/seeking housing
6. HUD Guidance on Ending Youth Homelessness
  1. Guide for Engaging Youth in Decision Making and Planning
  2. <https://www.hudexchange.info/resources/documents/Guide-for-Engaging-Youth-in-Decision-Making-and-Planning.pdf>
    1. Why has a YAB not worked in the past? -Needs a strong facilitator that can connect with the youth and their experiences to provide leadership and momentum within the group. Take into account that youth who would want to be more involved likely to also be working and/or going to school, so meetings likely to be outside of business hours. Look into a good location to build community from. Potentially could find youth for the YAB from the PHB project. Want to ensure that youth would be provided with compensation for their time and mileage/transportation reimbursements.
6. AWAHA Community Dashboards
