Resource Gap

- 100% of CoC-funded program resources (HUD NOFA, ESG) need to fill vacancies through coordinated entry
- Currently, 1,307 rental units equating \$23M+ dollars into the region
- OneHome fills vacancies, of which there are about 10-15% of the total funded units annually
- HUD-specific requirements related to chronicity, family make-up, documentation, criminal barriers

Funder Portfolio

HUD CoC

- + Emergency Solutions Grants (ESG)
- + Veterans Affairs (VA)
- + Other Federal (HHS, DOJ, etc.)
- + State of Colorado (DOLA)
- + City & County (x40, x7)
- + Public Housing Authorities (PHAs)
- + Private

Building a Unified Homeless and Housing System in 2014

The Homelessness Task Force (HTF) is a regional coalition of community partners with an interest or concern about those who are served by or who serve in the homelessness system.

In 2014, the Kansas City region will work towards building a more unified system.

The expected outcomes include: community agreement and commitment to common principles, strategies, protocols, metrics and training; coordinated system entry and assessment tools; and a shared data information system.

Management Information System: Web-based "cloud" technology will be necessary to effectively implement and monitor the metrics of a unified system at individual, agency, county and regional levels.

Rapid Re-Housing moves homeless persons into scattered site housing within the community before providing any services. It assists people with mid-range acuity and is temporary.

Transitional housing provides programs and services to all levels of acuity, along with temporary housing in scattered site housing or congregate living. Upon completing programming, participants are assisted into permanent housing.

Permanent Supportive Housing houses high- to severe-acuity persons in scattered site or congregate living before providing services. It is partnered with intensive case management or assertive community treatment.

Services Ahead

Services are still available for these at-risk individuals and families, even if they were diverted from the housing system.

← Services Ahead

Temporary Shelters

Diversion is a standardized strategy that prevents homelessness for people seeking housing support by helping them stabilize their current situation or identify immediate alternate housing arrangements. If necessary, they are connected to services and financial assistance.

No housing needed

- Street Outreach
- Schools
- At-Risk Families
- Foster Care
- Faith-Based Organizations
- Prisons/Jail

System Entry Points

Common Assessment and Coordinated Access

A common assessment tool standardizes service prioritization, which allows for the most efficient use of resources and improves consumer access to support. Coordinated access makes the system easier to navigate by leveraging the strengths of individual service providers.

Housing Triage

Housing Triage helps the community "yield" to more vulnerable individuals by focusing limited resources on the most appropriate people or families using a standardized assessment tool and set protocols. This tool assesses level of acuity (or vulnerability) and prioritizes the most effective housing option.

Future Plans www.onehomeco.org/the-vision

- Exceed HUD requirements for Coordinated Entry
- Increase volume of housing beyond CoC-funded resources by 15%
- Reduce process to refer, match, navigate and house participants
- Formalize partnerships, transparency & accountability structures
- Converge OneHome database with interim and new HMIS platform
- Create more opportunities for voices of lived experience
- Incorporate ESG, Prevention & Diversion practices
- Expand access for survivors of domestic violence & 211 Mobile Assessors
